Compiled by Che Jemiah binti Ya'akub, this book is specially written for Home Governance subjects in high schools, especially schools of varying degrees. The content is compiled based on the syllabus set by the Ministry of Education. To know how to wash clothes and household cloths it is best to look at one another so that it is clear to us the cause and purpose of each of our actions. The things we should know are the things used in the washing of cloth, the essential tool for doing the job, studying the origin of the cloth, cleaning the dirty effects attached to the cloth, how to wash every kind of fabric and ironing rules and fold . The shirt is the kind of clothing used by a family. For example, father's clothes, mothers, boys and girls and young children, the fabric of the household fittings are like sheets, pillow mattresses, pillow covers, windows, mosquito nets, tablecloths or tablecloths, napkins, cushion covers, curtains, kitchen utensils, drapery, hand-woven cloth, floor cleaning cloth and more. The purpose of washing these fabrics is to remove all the defilements that are inherent in not damaging the color, shape and in the fabric. The dirty fabric should be washed or washed as soon as possible; otherwise the
